

National Coasteering Charter committee
statement regarding First Aid
certification during COVID 19 pandemic.

"Due to the current COVID –19 pandemic, the NCC is looking to support all coasteering guides and providers in any way that it can.

So to this effect the committee has taken the decision that the NCC will recognise First Aid Awards/certification held by guides that, in the current circumstances, have lapsed in currency and are not able to be renewed at the present time.

In the first instance Guides should supply evidence of this statement to their employer for their records, should they be asked to do so.

Guides with lapsed certificates are asked to ensure they renew them as soon as they possibly can.

If anyone has any questions or queries regarding this statement please contact the NCC committee on the email address below”.
